A. NO. After locking the choices, candidate cannot modify her/his choices. However, opportunity to modify the choices will be available after 3rd round and Internal Sliding of allotments. For details, refer Information Brochure.

Q. What preparation is needed to fill the choices?

A. It is very important to study about the courses available in all the participating institutes. One may visit their official website, talk to the concerned persons who know about the courses or even may visit the institutes personally and see where and how are the institutes. Check whether the fee is affordable. Some institutes and branches have restrictions on age, gender and minimum marks in qualifying examination like for example, Mathematics as a major subject in 12th class or three year diploma/engineering, sub-category etc. Please ensure that you fulfill those criteria.

Q. What is the best strategy of choice filling?

A. Each choice of institute or branch must be such that you know completely what you are asking for. Include only those choices in your list where you are really prepared to go if you get an allotment. One must refrain from ambling or take-a-chance approach. No choice should be included in half hearted manner. It should not happen that after getting an allotment you say Oh! I did not want it. If that is so, it should not have been in the list of choices.

Maintaining strict order of preference is also very important. Assume that what you really want is at no. 17 in your list but you get choice no. 13. In the subsequent rounds, choice no. 1 to 12 only will be considered.

Q. How many rounds will be there?

A. There will be 3 regular rounds of counseling followed by internal sliding and physical reporting at the allotted institution. Finally one NATIONAL SPOT ROUND will be conducted for the vacant seats.

Q. How the seats will be allotted?

A. Seat allotment is based on the Merit list and availability of seat as per filled Choices according to the Government of India (GoI) Reservation norms.

Merit list will be prepared on the basis of GATE score.

To resolve and determine inter-se-merit of candidates having same GATE score, following criterion will be used in the stated order of preference.

1. Candidates having GATE score in 2016 will be given preference over candidates having score of 2017, or 2018.
2. Candidates having GATE score in 2017 will be given preference over candidates having score of 2018.
3. If year of GATE score is same, then preference will be given to that candidate who

has obtained higher GATE marks out of 100.

4. In unlikely event of their GATE marks out of 100 and the year of GATE score being the same, then preference will be based on the All India Rank (AIR).
5. In highly unlikely event of candidates having same GATE Year, GATE marks out of 100, and AIR, then Date of Birth will be considered. Elder candidate will be given preference.
6. In highly unlikely event of Date of Birth is same, rank will be decided on the basis of Random number generation.

Q. Where I can find the academic programs and category wise intake capacity.

A. The same is available on www.ccmt.nic.in
