

From the Desk of Chairman CCMT-2021

Dear prospective candidates,

Hope you and your family are all well and safe in the current pandemic situation. Our primary concern now is on how to tide over this difficult phase. First of all we all need to strictly follow the health guidelines provided by the government agencies so that we can arrest the spread of the virus.

Let me take this opportunity to congratulate every one of you for your splendid success in the Graduate Aptitude Test in Engineering (GATE). By qualifying GATE in the year 2019, 2020, or 2021, you have now become eligible to participate in CCMT-2021. Wish you the very best for the admission process and may you get the Institute of your choice.

Malaviya National Institute of Technology (MNIT) Jaipur is the organizing Institute for CCMT-2021 this year. Based on the valid GATE score, admissions will be made for NITs, some IITs and GFTIs to Master of Engineering / Technology / Architecture / Planning Programs through this centralized counselling process.

Our aim is to provide the best Technical Education opportunities to the maximum number of students and to fill all the available seats in the country's coveted institutions through a fair and transparent process. I am in no doubt that with better coordination and support from all stakeholders, MNIT Jaipur would be able to fill the maximum number of seats in the participating institutes and help students to fulfil their dreams.

The aspiring candidates are requested to go through the Information Brochure available on the CCMT-2021 website. However, if you have any difficulty in accessing the information online at the time of admission process, there is no need to worry, just drop an e-mail and you will be guided accordingly.

On behalf of the participating Institutes and CCMT, I once again wish all the eligible candidates and other stakeholders a successful counselling.

Pl take care of yourself and your family during this difficult time.

Jai Hind.

Prof. Udaykumar R. Yaragatti

Chairman CCMT-2021

Director, MNIT, Jaipur
